VGA SM/6

SIMPLE, INTUITIVE OPERATION

EXTEND the Show Me cable from the Cable Cubby

CONNECT the cable to your laptop's VGA output

SHARE your desktop with the press of a button

Extron VGA SM Show Me Control Cables provide remote input connection and selection for Extron VSW 2VGA A and SW VGA Ars Series switchers. They are ideal for use in collaborative learning and similar applications where PC content is shared within a group setting.

Extron Electronics
INTERFACING, SWITCHING AND CONTROL

DESCRIPTION

Extron **VGA SM** Show Me™ Control Cables are male-to-male VGA cables that provide remote input connection and selection for Extron VSW 2VGA A and SW VGA Ars switchers. These cables feature male 15-pin HD connectors and a 3.5 mm stereo audio jack for optional stereo audio. Operation is simple and convenient, simply connect a VGA Show Me control cable to your laptop's VGA output connector and press the Share button to share desktop content with the main presentation display. VGA SM Show Me Control Cables are available in six-foot (1.8 m) and 12-foot (3.6 m) lengths, and are ideal for use in collaborative learning or similar applications.
